#### Code meaning

References to data erroneously published in entries of sections II.1 to II.11 of the European Patent Bulletin and that are to be deleted appear in section II.12 Changes. This points exclusively to deletions of data published in the bulletin due to printing or encoding errors, not to corrections or alterations. In the bulletin the message “The last entry related to this publication is deleted” is printed alongside the relevant INID code, if any, or under the relevant heading.

This code refers to the deletion of the last entry in the bulletin related to the revocation of the patent, published in section “II.7(3) Revocation of the European patent”. This means that no decision on the revocation of the patent has been made by the opposition division.
