code meaning

References to data erroneously published in entries of sections I.1 to I.11 of the European Patent Bulletin and that are to be deleted appear in section I.12 Changes. This points exclusively to deletions of data published in the bulletin due to printing or encoding errors, not to corrections or alterations. In the bulletin the message "The last entry related to this publication is deleted" is printed alongside the relevant INID code, if any, or under the relevant heading.

This code refers to the deletion of the last entry in the bulletin related to the publication of the application (A1 document) advertised in section "I. European patent applications and international applications, which have entered the European phase, arranged ...". This means that no application has been published yet with this number.
