first document affected EP 0000004; first entry in PRS on 7 September 1981
last document affected EP 0099143; last entry in PRS on 14 February 1984

Date of issue of the European Patent Bulletin in which the notice is published.
Year and month on which the Corrigenda was published.

On request, linguistic errors, errors of transcription and mistakes in published patent applications filed with the EPO and in patent specifications may be corrected. The correction must be obvious in the sense that it is immediately evident that nothing else would have been intended than what is offered as the correction. The correction can be made in the form of a reprint (see related codes below) or a description published in the above-mentioned "Corrigenda".

Up to the 14 February 1984 this corrections were advertised in periodically published "Collection of EPO-Corrigenda" and registered in INPADOC with this code. From 17 October 1984 this corrections appear under sections I.13 and II.13.
