### European applications and patents with designation of CC

#### Legal Basis

No special provision.

#### Data in PRS for

All entries in the ... since number ... (...) first document affected EP 0014660; first entry in PRS on 8 July 1981

#### Field Meaning

- **yyymmdd**
  - Date of issue of the Patentblatt in which the notice is published.
- **nnnnn**
  - Corresponding CC publication number.

#### Code Meaning

The CC Patent Office allocates a CC patent number to all European patents with effect in CC (granted European patents which designates Germany (CC) as a contracting state).

This code is included in INPADOC in order to give reference to the corresponding CC publication number. The following events in the CC phase of the European patent are published in the CC patent bulletin under the CC publication number.
